

Dear colleagues

ICAME46 is rapidly approaching!

Attached to this email you can find the Book of Abstracts and a revised program. We would like to kindly ask you to have a look at your abstract(s) just to make sure if everything is ok. If there is anything that should be corrected, please let us know before May 30. We plan to upload the Book of Abstracts publicly on the conference webpage on June 02. The conference program is slightly updated to accommodate some of the requests. Please let us know before May 30 if you notice anything that has to be corrected/updated. You will receive the print out of the program as part of the conference pack. The Book of Abstracts will be available on the conference webpage.

We also kindly remind those colleagues who haven't yet registered to do so as soon as possible, as the registration will close on May 31.

More practical details on what to expect in Vilnius will be provided in the final circular that we plan to send out next week!

See you soon in Vilnius!  
ICAME46 organising team
